TO THE TRADE

- PRICES are based on present market conditions and are subject to change without notice. All prices are F.O.B. Fairview, Oregon.
- TERMS: 2% discount 10 days — Net 30 days from date of invoice for those with established credit. Satisfactory references are required from unknown parties. Interest at 8% per annum compounded monthly will be charged on overdue accounts.
- ORDERS are booked subject to crop conditions or errors in count, and with the understanding that same shall be void should injury befall stock because of hail, fire, frost or any cause beyond our control.
- GRADE STANDARDS are those adopted by the American Association of Nurserymen.
- PACKING — Boxing and Baling charges at cost. No charge is made when stock is packed in bulk in a car.
- SHIPPING—Please give shipping instructions with order. On Eastern and Mid-Western shipments we will ship via combination or pool car whenever possible. Early placement of orders is essential in insuring accommodations in pool cars. In the absence of specific instructions, we will use our judgment and ship via the most economical way.
- INSPECTION CERTIFICATES will be furnished with each shipment
- CLAIMS for any cause must be made promptly on receipt of shipment. Any stock rejected must be reported immediately and held for advice from us as to disposition but in no case should it be returned to us without authority. We will cheerfully allow credit for proven unsatisfactory stock but will not entertain claims after stock has been once accepted.

- GUARANTEE. We give no warranty, express or implied, as to life, description, quality, productiveness, or any other matter, of any nursery stock or plants that we sell. Should any stock prove untrue to name as labeled, it is mutually agreed that our total liability, upon satisfactory proof, shall be limited to our replacement free or refunding the purchase price.

Respectfully,

SEMI DWARF APPLES

On Malling VII

Approximately 12 to 18 feet tall at maturity. Same early bearing characteristics and fruiting as the full dwarf. Also well adapted for home yard use, or for inter-planting in commercial orchards.

On Malling I and Malling II

Vigorous Semi Dwarf. Malling I makes a tree 3/4 the size of a standard tree and Malling II makes a tree 2/3 the size of a standard tree. Both induce early heavy bearing and large uniform size fruit. Is now recommended over standard apple trees for commercial planting.
